Urgent Orders.

The Import and Export Licensing Section, Board of Trade, announces that, in collaboration with the Department of Overseas Trade, an arrangement has been made whereby firms receiving orders which require immediate acceptance may telegraph details of any such order to the Department of Overseas Trade in order to ascertain whether a licence will be granted for the export of the goods if the order is accepted.

In the event of an applicant being promised a licence he will be enabled to deal with the order straightaway with the knowledge that upon application being made in the proper form to the Export Licence Department the licence will be granted.

The telegrams should be addressed to "Orders, c/o Advantage, Stock, Leedes." They should give in each case, in addition to the name and postal or telegraphic address of the applicant, the quantity and description of the goods comprised in the order and the name and address of the ultimate consignee if the goods are destined for a neutral country. Applicants are requested in their own interest to confine their enquiries to orders needing a very urgent decision, since the fewer the enquiries the more promptly can answers be given.

No. 2557-D.—The following extract from the *Board of Trade Journal*, dated the 19th February 1920, is published for general information :—

GOVERNMENT NOTICES AFFECTING TRADE.

IMPORT AND EXPORT SECTION

Trading with Germany.

The information as to the conditions under which commercial and financial transactions are permissible with German nationals and with persons and firms carrying on business in Germany, published in December last in a Parliamentary Return, Cmd. 514, is rendered out of date by the ratification of the Treaty of Peace with Germany and the issue of an Order-in-Council fixing 10th January 1920 (the date on which the Treaty came into force) as the legal date of the termination of the war with that country.

Trade with Germany is in general no longer subject to any restrictions other than those imposed on trade with other foreign countries.

Any goods may be exported to Germany without license, except goods on Lists A and B of Prohibited Exports,* and any goods may be imported into the United Kingdom from Germany except goods on the importation of which from all countries restrictions have been or may be imposed.

The following considerations must, however, be borne in mind in transacting business with German nationals :—

(a) All property, rights, and interests within the British Empire belonging to German nationals at the date on which the Treaty of Peace came into force (namely, 10th January 1920), unless acquired as the result of a transaction undertaken since the resumption of trade with Germany was authorised (i.e., since 12th July 1919), are subject to charge under the Treaty of Peace Order, 1919, and no transaction of a commercial and financial nature is therefore permissible which involves the delivery, sale, or transfer of any such property, rights or interests.

(b) The settlement of all outstanding debts between British subjects resident within the United Kingdom, and German nationals resident in Germany, with the exception of debts arising out of transactions undertaken since 12th July 1919, must be effected through the medium of the Clearing Office for Enemy Debts, and any transaction involving the settlement or transfer of such debts is prohibited.

Subject to such restrictions as may be imposed by the German authorities, individuals and firms of British nationality are at liberty to invest money in German businesses and to establish firms or agencies in Germany.

The freedom of Germans to trade, to carry on business, and to acquire property in the United Kingdom is limited by the following special restrictions imposed on nationals of Germany, Austria, Hungary, Bulgaria and Turkey :—

(a) For a period of three years from 23rd December 1919, no national of the above-mentioned countries may enter the United Kingdom without a special licence or remain in this country for a longer period than three months, except as provided in section 19 of the Aliens Restriction (Amendment) Act, 1919.

(b) For a period of three years from 23rd December 1919, no national of the above-mentioned countries will be permitted to acquire any interest in land, in any concern carrying on a "key industry" (as presently to be defined by the Board of Trade), or in any company owning a ship registered in the United Kingdom. [*Vide* Section 11, Aliens Restriction (Amendment) Act, 1919.]

* For the export to Germany of goods on Lists A and B export licenses must be obtained from the Imports and Exports Licensing Section, Board of Trade, Great George Street, S.W. 1.

(c) For a period of five years after the termination of the war no business connected with certain non-ferrous metals and metallic ores may be carried on by, or under the influence or control of, a national of the above-mentioned countries, except under licence of the Board of Trade [*Vide* Non-Ferrous Metal Industry Act, 1918, and Non-Ferrous Metal Industry Rules, 1918.]

(d) For a period of five years after the termination of the war, and thereafter until Parliament may otherwise determine, no banking business may be carried on for the benefit or under the control of a national of the abovementioned countries. [*Vide* Section 2, Trading with the Enemy Act, 1918, and Enemy Banking Business Rules, 1918.]

(e) No national of the abovementioned countries may act as master, officer, or member of the crew of a British ship registered in the United Kingdom. [*Vide* Section 12, Aliens Restriction (Amendment) Act, 1919.]

With the above reservations Germans are at liberty to acquire shares or interests in British firms or companies and to establish business houses or agencies in the United Kingdom, subject only to the same restrictions as aliens of any other nationality.

GOVERNMENT TRAINING SCHOOLS, SIXTH CIRCLE.

The Inspector of Schools, Sixth Circle, hereby notifies for the information of the other Inspectors of Schools, the Assistant Inspectors, the Sub-Assistant Inspectors and the Managers of aided schools that candidates of the Elementary grade will be admitted for training in the Government Training Schools under his charge as shown below :—

Number.	Name of institution.	Number of stipends available.		Total.	Date of admission.
		Elementary Higher	Elementary Lower		
1	Government Higher Elementary Training School for Muhammadans, Madras.	40	40	80	1st July 1920.
2	Government Lower Elementary Training School for Panchamas, Madras.		40	40	Do.
3	Government Higher Elementary Training School, Saidapet.	40	40	80	Do.
4	Government Higher Elementary Training School, Triplicane.	40	40	80	Do.

2. The period of training is two years in the case of the students of both the Elementary Higher and Lower grades.

3. The Inspector of Schools, Sixth Circle, will make the selection on the recommendation of Inspecting officers.

4. Inspecting officers are requested to forward two lists—one of selected and the other of rejected candidates.

5. The lists of selected and rejected candidates should be forwarded to the Inspector of Schools, Sixth Circle, by the Inspecting officers before the due date. The names of selected candidates should appear in the list in the order in which the Inspecting officers wish they should be taken, *i.e.*, they should be selected in reference to their general education attainments, their services as teachers, the need for their training and the nature of their appointment and the school from which they apply for training. Candidates who do not satisfy the condition of age-limit under rule 114 of the Madras Educational Rules should not, except in very special circumstances, be included in the list and the selection should be regulated, as far as possible, by rule 115. In the case of rejected candidates, the reasons for rejection should be mentioned against each.

6. To provide for the contingency of some of the candidates selected not joining the Training School, a few more than the sanctioned number will be selected by the Inspector of Schools. All selected candidates who present themselves at the Training Schools on the opening day will be admitted; those who present themselves later will be admitted in the order in which they present themselves but only up to the number of sanctioned vacancies.

7. The list should include no one who has not been a teacher before or concerning whom there is a doubt whether he really intends to make teaching his profession.

8. In the selection of candidates for training, those who were awarded stipends last year, but were refused admission on account of their not appearing in time might have a first claim for admission.

9. In addition to Provincial stipendiaries, candidates whose stipends are paid by Local or Municipal Boards will be admitted for training, as also private candidates as free students. No Provincial stipends will be sanctioned for teachers who hold permanent appointments in Board and Municipal schools, or who hold sub. *pro tem.* appointments in permanent vacancies or who have been given provisional appointments by Presidents of Local Boards who employ them. In the case of these teachers, clear information should be given in the application regarding the nature of the appointment held by them (permanent, temporary, sub. *pro tem.* or acting as the case may be) and whether the Presidents of the Local Boards concerned are prepared to pay stipends on behalf of the teachers recommended by them. The applications of these candidates should invariably be signed by the Presidents of the Local Boards.

10. As regards the qualification for admission, only those candidates, who have passed the annual examination of the third form or seventh standard or have been awarded an Elementary school-leaving certificate of the seventh standard, are eligible for admission into the Elementary higher class and only those who have passed the late Primary School Examination or a corresponding public or school examination or whose attainments in the opinion of the Inspecting officers are not lower than these are eligible for admission into the Elementary lower class. Preference should be given, as much as possible, to candidates whose educational attainments are above these minimum requirements. The certificate of general education should be sent in original with the application. The certificate of physical fitness need be produced only by the candidates chosen as stipendiaries. Separate conduct certificates need not be submitted by candidates whose applications are signed by an Inspecting officer.

11. In cases in which the number of candidates applying for training is in excess of the number for whom there is provision, the selection should be made as the result of an entrance examination conducted by the Sub-Assistant Inspector of Schools. The number of stipends available for each range is the same as that available in previous year.

12. Printed forms of applications can be obtained from the Inspector of Schools or from the subordinate inspecting officers.

13. Applications completed in accordance with the above instructions should reach the Inspector of Schools, Sixth Circle, before the 5th May 1920.

14. Only Panchama teachers whose vernacular is *Tamil* should be recommended for admission into the Government Pancheme Training School, Madras.

15. There is a hostel attached to each of the Training schools except the one at Triphoms. Of the students selected and admitted into the Training schools, those who do not live with their families or with relations will be required to become members of the hostels.

16 In the Government Higher Elementary Training School, Triplicane, students from Madras and Chingleput districts will be admitted.
